

VIKING Personal Survival Kit (PSK), Winter-version

Item no.: 1075974

The VIKING Personal Survival Kit (PSK) Winter-version, is a further development of VIKING's popular '2017 Standard PSK' and it is VIKING's top of the range Personal Survival Kit. A kit made for users with risk assessments calling for higher protection.

- The content chosen for the kit is based on VIKING's participation in the SARex expeditions, VIKING's involvement in a large range of Polar Code cases, as well as several internal tests.
- Especially the materials being most essential for survival in polar environments have been developed and/or selected for VIKING's polar survival kits.

VIKING's polar survival kits specifications:

Base layers: 100 % merino wool

Outer layer: Custom-made high visible orange coverall for PSK use. With 240g/m² insulation, fully-padded hood and elasticated cuffs.

One size with size-adjustable features. Tested in accordance with EN342: 2017

Headcover: Multi-purpose 100 % merino wool headcover. Can be used as a scarf, headband, balaclava or hat.

Glove system: Merino wool inner glove combined with fully lined durable mittens

Boots: Lightweight Ethylene-Vinyl acetate (EVA) watertight boot with thermal insulated inner liner.

Container: Heavy-duty, high visible orange PVC waterproof rucksack with comfortable shoulder straps.

Vacuum packing: All clothes are delivered in vacuum packing to minimize volume.

A documentation package with the individual datasheet for each item is available upon request.

Custom-made kits with content according to special requirements can be offered upon request.

In order to comply with dangerous goods regulation during transport, fuel and matches are delivered separately. The end-user should distribute the fuel and matches into the kits upon receipt.

Weight: 5.80 kg.

Dimensions: 50 X 38 X 24 cm.

Merino Woollen Base Layer

Base layers made from 100% natural Merino wool helps your garment stay fresh and odour-free, actively wicking-away moisture from the skin – keeping you dry and comfortable.

- Composition: 100% Merino wool
- Naturally antibacterial
- Wicking
- Breathable
- Lightweight
- Weight: 270g

Merino Woollen Long Johns

Long Johns made from 100% natural Merino wool helps keep your garment stay fresh and odour-free, actively wicking-away moisture from the skin – keeping you dry and comfortable.

- Elastic waistband
- Built-in fly
- Naturally antibacterial
- High wicking
- Breathable
- Lightweight
- 100% Merino wool
- Weight: 185g

Coverall 240g

The Coverall suit has been designed to be used in accordance with the Polar Code. Made of 240g/m² hollowfibre insulation, this suit allows it to be used in the extreme Polar conditions. The one-size-fits-most design incorporates a system on the outer leg to reduce the length of the legs to accommodate various heights and includes an adjustable belt for comfort around the waist.

- Fully-padded hood
- Elasticated cuffs
- Adjustable waist
- Good wicking
- Adjustable leg length
- 240g/m² hollowfibre
- Outer material: Nylon PU coated
- Waterproof outer shell
- Eyelets for breathability under the arms
- Tested to EN342: 2017
- Weight: 1.8kg

Extreme Thermal Merino Socks

- Smooth seams
- Additional padding provided by double weave
- High density structure reinforcement in leg
- 70% Merino, 20% Polyamide, 10% Lycra
- Rated to -15C
- Weight: 103g per pair

Merino Headover

The Headover is a very versatile garment, it can be used as a scarf, headband, balaclava or hat.

- Elastic – maintains its original shape
- Made from 130g/m Merino wool
- Available in black
- One size available
- Weight: 150g

Extreme Polar Mittens

- Cold Resistant
- Water Repellent
- High Wicking
- Fully Lined
- Black
- Leather
- EN 420:2003
- 3m Thinsulate Insulation
- Weight: 200g

EVA Arctic Thermal Boots

Arctic Thermal Boots are made of special EVA material comprised of millions of tiny air pockets. This gives the boots an amazingly unique combination of lightweight, thermal insulation and durability.

- EVA material
- Thermal insulation
- Lightweight
- -30 degrees C
- Removeable and washable fleece liner
- Waterproof
- Weight: 998g (based on UK size 11)

50 SPF Sun Protection

- SOLAIT SPF50 Moisturizing Sun Lotion is specially formulated with a combination of broad-spectrum sunscreens to help against UVA (ageing) and UVB (burning) rays.

Thermal Protective Aid

The Thermal Protective Aid (TPA) is a polythene suit with heat-sealed seams that provides protection down to -30°C.

- Suit is one size only
- Can be worn over bulky clothing
- Allows for full movement of arms and legs, including walking
- Fully SOLAS / Ships Wheel approved
- High-visibility yellow coating
- Weight: 210g
- Packed dimensions: 28 x 17 x 2 cm

Merino Liner Gloves

- Extra comfort and moisture control – High Merino Wool content
- Added warmth and protection from full finger design
- Breathability – Fabric wicks sweat away
- Base layer thermal insulation – Close-fitting design allows them to be worn under another glove
- Weight: 30g

Polarised Sunglasses

- Unisex style
- Grey Category 3 lenses
- Non-slip nose pads and temple tips
- Adjustable nose pads
- Full wrap fit
- High-quality distortion free lenses
- Shatterproof lenses
- UV400 rated
- Supplied with hard carry case
- Weight: 84g
- Hard case dimensions: 16 x 8 x 5 cm

Whistle

Bright orange emergency distress whistle.

- Produces a high decibel noise from low air input
- Side clip
- SOLAS approved
- NSN 4220-99-120-9470
- Orange
- Weight: 6g
- Length: 8cm

Green Drinking Mug

Lightweight plastic mug.

- 460ml capacity
- Green
- Handle
- Weight: 48g
- Dimensions: 10 x 10 x 9 cm

Flash Multi-tool

A strong, easy and quick to open multi-tool, with its small LED flash light (focused on the pliers head for precision use in poor visibility) it is ideal for those day or night time emergencies. Finished off with a quality easy grip, comfortable contoured handle.

- Needle nose pliers
- Wire cutters
- LED torch
- Can opener
- Philips screwdriver
- Bottle opener
- Large flat screwdriver
- Serrated knife blade
- Sharp double-toothed saw
- Smooth-edge blade
- Fishing hook remover
- Medium flat screwdriver
- Small flat screwdriver
- Weight: 270g
- Overall length: 17.7 cm
- Closed length: 10 cm

Polar Survival Guide

Small survival book containing all you would need to know about surviving in the arctic environment.

- Including the following sections;
- Food
- Water
- Shelter
- Emergency signals
- Action in an emergency
- Health hazards
- Insects
- Travel
- Weight: 10g
- Dimensions: 12 x 9 x 0.5 cm

Emergency Food Rations

Seven Oceans emergency food ration is primarily designed to provide a balanced diet for survival at sea for use onboard liferafts and lifeboats. However, the long-life biscuits can be used in any survival situation requiring a concentrated, long-life emergency ration. The biscuit ration requires no preparation and may be eaten directly from the box.

- Each pack of 500g gives 10,300 kJ or 2,500 kcal of energy and contains the highest possible ratio of balanced nutrition compared to volume.
- The pack is sub-divided for easy rationing
- Each pack of biscuits (500g net) contains 18 tablets packed in 9 bars with grease-proof paper.
- The 9 bars are packed under vacuum in air and water-tight aluminium foil. The unit is protected by a water-repellant cardboard box.
- Pack of 500g Seven Oceans long-life emergency food ration high energy biscuits – this is a 72hour supply for and adult in survival situations
- Ingredients: Baked wheat flour, hydrogenated soybean oil, sugars, malt, vitamins, halal, vegetarian.
- Shelf-life: 5 years
- Dimensions: 12.2 x 10.6 x 5 cm
- Weight: 555g

40L Dry Bag Rucksack

- Tough flexible PVC waterproof material
- Roll top design
- RF welded seams
- Highly visible orange
- Contents window
- Watertight
- Comfortable shoulder straps
- Comfort back support
- Carry Handle
- Easily compressed
