Markus MOB
Rescue Cradle

Model **SCN 200-400**

For fixing lengths up to 2 m

APPLICATION

Designed for controlled vertical casualty recovery from the water.

Suitable for pilot boats, workboats, and SOLAS-inspected vessels.

Optimized for compact deck installations.

PERFORMANCE

Minimum Breaking Load
7,491 kg – 13,913 kg

Safe Working Load
1,246 kg – 2,314 kg

CONSTRUCTION

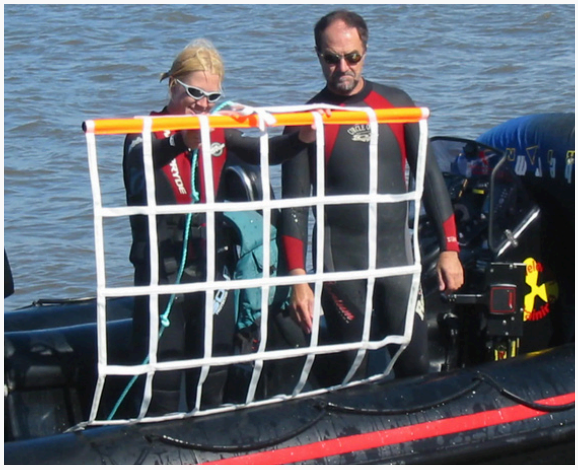

High-Strength Polyester Webbing
UV and saltwater resistant

Marine-Grade Plastic

Metal Components
For added strength and rigidity

Weighted Aluminum Bottom Bar
Ensures rapid sinking and stabilization

PVC Cover
For compact and secure stowage

Online Model Selection Tool
Determine the correct net model
based on vessel fixing length and required capacity.

RESCUE SCRAMBLE MODELS	NUMBER OF CLIMBERS PER UNIT	WIDTH	LENGTH	WEIGHT
SCN 6 200-400	**2 – 4**	**1.2 m** (4ft)	**2 m to 4 m** (6.56 ft to 13.12 ft)	**5.1 kg to 7.3 kg** (11.2 lb to 15.9 lb)
SCN 8 200-400	**3 – 6**	**1.6 m** (5.25 ft)	**2 m to 4 m** (6.56 ft to 13.12 ft)	**7.2 kg to 9.4 kg** (15.8 lb to 20.6 lb)
SCN 10 200-400	**4 – 8**	**2 m** (6.56 ft)	**2 m to 4 m** (6.56 ft to 13.12 ft)	**10 kg to 12.4 kg** (22 lb to 27.3 lb)
SCN 12 200-400	**4 – 8**	**2.4 m** (7.87 ft)	**2 m to 4 m** (6.56 ft to 13.12 ft)	**15.5 kg to 18 kg** (29.7 lb to 34.2 lb)

Note: Weight varies depending on selected length.

APPLICATIONS

Tugs & Workboats

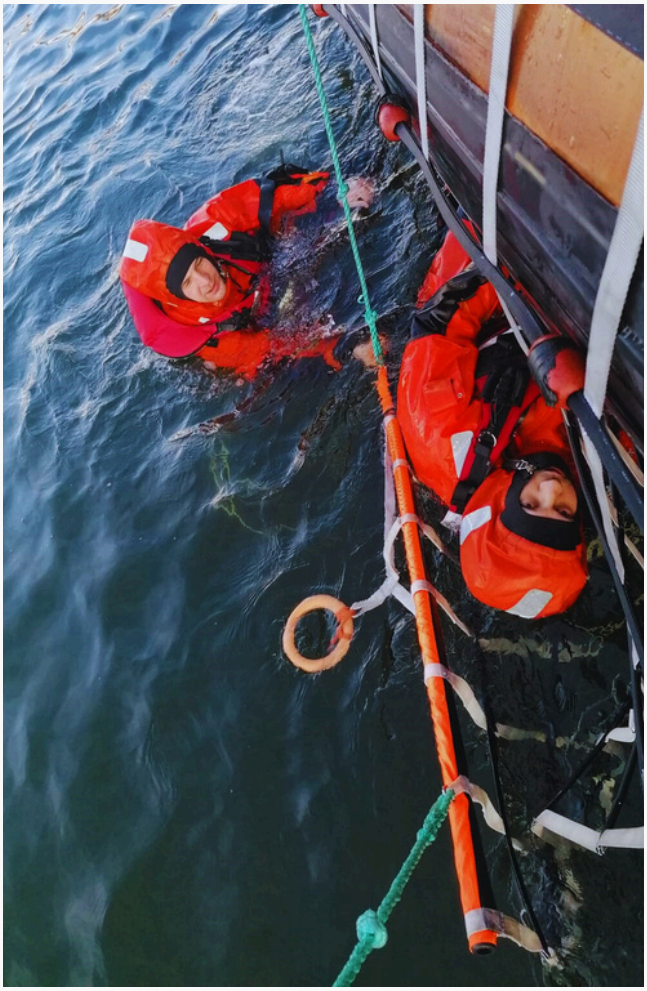

Fast Rescue Crafts

SAR Boats & Lifeboats

Pilot Boats

Military RHIBS

Passenger Vessels

OPERATIONAL ADVANTAGES

Easy Deployment
Designed for rapid deployment and recovery. Can be deployed, handled, and stowed by one person without mechanical lifting equipment.

Full Body Support
Enables safe, stable horizontal MOB recovery, reducing the risk of injury and post-rescue collapse, particularly critical in cold-water rescues.

Dual function
Designed for dual-function recovery operations:

- A ladder for assisted recovery
- A medically approved horizontal /parbuckle lifting device

COMPLIANCE & OWNERSHIP

Lloyd's Register Type Approved to SOLAS

5-Year Warranty
No Annual Service Required

Reduced lifecycle maintenance and servicing burden.
